ASIA

Continent Population: 4,859,825,000

Evangelical: 3.5% // Total People Groups: 7,526

Countries: 50 // Unreached People Groups: 5,484

Persecution remains present in all countries of South Asia, although location, social context and time frame all factor into the intensity thereof. Christians are on the receiving end of persecution - mostly from Hindus in India and Nepal, from Muslims in

Pakistan, Bangladesh and the Maldives and even from Buddhists in Sri Lanka. Some of this is unavoidable, as responses of resentment and fear of church growth. But some result from lack of sensitivity and wisdom by Christians ministering into these situations. Pray that evangelists, church planters and missionaries might share the gospel with love and boldness, but also with humility and wisdom.

One for Israel | Partner Organization

One For Israel is a movement of native-born Jewish and Arab Israeli followers of Jesus with a commission to reach their country and the nations with the Gospel. On the forefront of high-tech media evangelism, One For Israel proclaims salvation to Israel and sees their call to equip local believers and those around the world with the tools of ministry through their unique media outreach, and train and empower local ministers in Israel through their Bible college and discipleship programs to transform communities.

Population, statistical information, and continent prayer points in this guide are compiled from Operation World & The Joshua Project.
